Monday - Thursday
March 1 - 4, 2021
9:00 am - 1:00 pm each day

All orders must be placed by
February 18, 2021

Call 724-238-7560 ext. 2# to place your order,
Or mail completed form and payment to:
Bird Seed Fundraiser
Loyalhanna Watershed Association
6 Old Lincoln Highway West
Ligonier, PA 15658

The proceeds of birdseed sales enable LWA to continue to pursue its mission of protecting, conserving, and restoring the natural resources of our area. Your support is greatly appreciated!

SEED DESCRIPTIONS

LOYALHANNA CUSTOM MIX – An exclusive mix specially formulated for bird species in this region like finches, chickadees, and cardinals. 50% black oil sunflower seed, 25% white millet, 20% cracked corn, 5% peanut bits.

BLACK OIL SUNFLOWER – Most attractive bird food in terms of species diversity. Black oil seeds have more kernel and energy valued by weight and are highly preferred by many species.

PEANUTBITS – A high protein supplement liked by woodpeckers, titmice, jays and chickadees.

SUNFLOWER HEARTS (CHIPS) – An all edible kernel – as attractive to finches, titmice, juncos and cardinals as black oil sunflower, but without the shell waste.

SAFFLOWER – A high-energy treat relished by cardinals.

NYJER – Small imported oil rich seed that is unsurpassed for finches, pine siskins and redpolls. Special feeder needed to avoid waste.

SUET-SEED CAKES – Cooked beef suet combined with sunflower and small grains – ready to hang. Draws woodpeckers and other insect eaters.

CRACKED CORN-Nutritious and economical. Enjoyed by sparrows, juncos, cardinals and ducks.

To become a member/contributor just include the dues with your seed order. Contribution dues and fund-raisers are LWA's financial backbone. Thanks again for supporting the Watershed's conservation work in this way.
